

Children Centre Services provide flexible services that work with families, to enable children under 11 to achieve the best possible outcomes. Inside this booklet you'll find information about our groups and activities in the Chew Valley. We work in partnership with the Health Visiting Team, offering a range of services for families.

Outreach Family Support Workers visit parents in their own homes to provide support, information and advice on child behaviour and development, parenting, play and relationships, keeping safe, managing family issues and accessing other services.

[HV Service - Phone: 01225 395458](tel:01225395458)

If you want to find out more about any of the groups or our outreach services, please talk to your Health Visitor on the telephone number above or call the Children's Centre on 01225 395455.

This leaflet can be made available in a range of community languages, large print, Braille, on tape, electronic and accessible formats.

For more information please contact the centre on 01225 395455
